

CITY OF CORSICANA, TEXAS

July 12, 2012

Dear Citizens,

Over the last few weeks, several citizens have received very official looking letters marketing water or sewer line maintenance service. **The City of Corsicana does not require or endorse this service in any way.** The program is optional, participation is voluntary and there is a cost associated with the coverage. This is a private company selling private insurance. For questions regarding the offer, please contact the issuer of the letter using the information provided. Please evaluate the value of this service carefully.

Best Regards,

Chuck McClanahan
Mayor
