

Code Enforcement Trash Receptacles

City Code of Ordinances Chapter 11, Article 11.200, Section 11.207

Garbage Containers—Placement for Collection Purposes, Residences

(a) Garbage. It shall be the duty of the head of every family occupying or in possession of any house, building, flat, apartment, tenement or dwelling place in the City of Corsicana, which is a private residence, and for which a container for garbage has been provided, to place, or cause to be placed, such container on the rear of the lot of said premises where pick-ups are made from alleys in the rear of such premises. It shall be unlawful for any person to place any such container in any alley within the City, and in all cases where garbage is to be collected from the alley, the container shall be placed entirely within the lot line adjacent to, but not in, the alley. Where there is no alley, and where garbage is collected from the street in front of such premises, such garbage can, brush and rubbish shall be placed inside the curb line on the street, or at such other place as may be designated by the City Manager, or designated representative, to be collected by an automated garbage vehicle.

No garbage, rubbish or trash shall be placed on the curb for collection earlier than 5:00 p.m. the day before the regular scheduled day of collection, but must be at the curb by 6:30 a.m. on the day of collection. Solid waste containing putrescible animal and vegetable waste must be in water-tight animal proof receptacles. All solid waste receptacles must be removed from the curb by 10:00 p.m. on collection day.

(b) Brush. All brush to be collected shall be placed between the curb line and the sidewalk.

(Ordinance 2615 adopted 5/19/09)
